Can be expanded to a 20x20 or larger displays. Incorporate within larger Panoramic® displays.

Profiles

Single-Sided Profile (X3) - 3.14" - linear density: 0.94 lbs/Lft

Double-Sided Profile (X4) - 4.72" - 1.38 lbs/Lft

Anodized aluminum finish

LED Lights

Strips of 3 - 5 LED lights

Wattage: 3W each LED light

Voltage: 24V DC

Color Temperature: 6,500K (+ -500 K)

MTBF (estimated lifetime) 20,000 hours

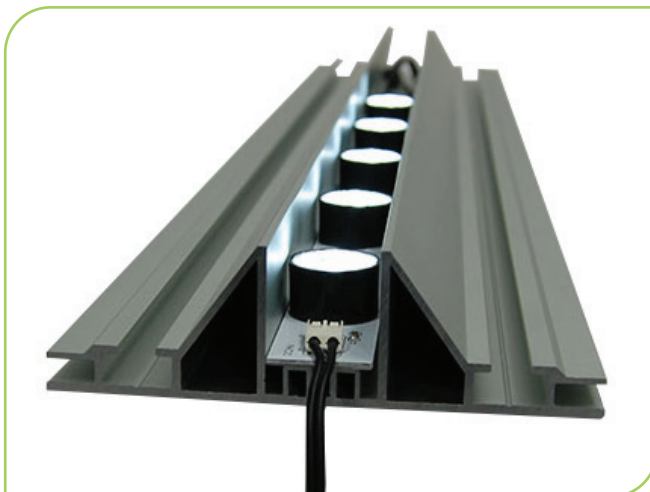

Transformer

Wattage: 96W

Input: 100-240V 50/60 Hz

Output: 24V

UL Listed Class2

Double sided extrusion with intergrated LED light system
